

TechCorp Inc. — Q1 2026 Finance Report

Confidential | Access: Finance, Admin Only

Executive Summary

TechCorp recorded total revenue of INR 48.6 crore in Q1 2026, a 12% increase YoY. Operating expenses rose by 8% due to new hiring and infrastructure investments. Net profit stood at INR 9.2 crore with an EBITDA margin of 22%.

Department-wise Budget Utilization

Department	Allocated (INR Lakh)	Spent (INR Lakh)	Variance
Engineering	120	108	+10%
Sales & Marketing	85	91	-7%
HR & Admin	40	38	+5%
IT Infrastructure	60	63	-5%
R&D	75	70	+6.7%
Total	380	370	+2.6%

Key Financial Risks

- Sales overrun by 7% requires budget reallocation before Q2.
- IT infrastructure costs trending upward due to cloud pricing changes.
- Forex exposure on USD-denominated contracts poses 3-5% margin risk.
- Hiring freeze recommended in non-critical roles to maintain profit targets.

Q2 2026 Forecast

Revenue forecast for Q2 stands at INR 52 crore based on pipeline data. Key growth driver is the enterprise SaaS segment which grew 28% in Q1. Cost optimization initiatives are expected to improve net margin to 24% by Q2 end.
